

SMS FLATSCREEN WH ST400

NEW
DESIGN!

A new angle for your screen.

SMS Flatscreen WH ST400 is a compact and sturdy stand for heavy screens. It can support screens up to 75 kg in an elegant way.

Although robust it is still highly functional, enabling you to tilt and rotate your screen. If you haven't any room on the wall you can mount this smart stand directly to a column. If you want to hang your heavier screen on the wall the SMS Flatscreen WH ST400 is a smart and flexible way to do it.

New!

The column has now been modified making it possible to smoothly raise and lower the screen. We have also modified the adaptor board making it even smoother to use. The new SMS Flatscreen H2 Unislide is included in the stand!
